PREFACE

A

AS THE RECIPIENT AND WRITER OF THIS BOOK and of the other books of The Greater Community Way, I feel that it is my responsibility to introduce this revealed Teaching and the Tradition that it represents as purely as possible, just as it has been revealed to me. In doing so, it is my sincere desire to represent the greater spiritual association that serves everyone in manifest life throughout the Greater Community.

I cannot say why I was chosen for this task. Initially, it was a mystery even to me. The task itself is certainly greater than anything that I had anticipated at the outset. What began fifteen years ago as a new and effective method for solving problems and gaining spiritual direction in everyday life has evolved to become a religious tradition of spiritual teaching, preparation and contribution that is new to our world and yet older than our human existence.

I am not merely the scribe in this great undertaking. This Teaching and all that it contains is the product of my relationship with the Unseen Ones and the allies of humanity. To represent and to fulfill these relationships, it was necessary for me to become the first student of this Teaching, traveling a journey that perhaps few in our world have ever

taken before. Strangely, since childhood I have been endowed with a body of information about life in the Greater Community. It is not the result of my reading or personal interests. It is simply there. It has always been there, troubling me, inspiring me, pushing me and moving me forward where no road seemed to go, yet always with a sense of an abiding and gracious spiritual presence. *Greater Community Spirituality* is the result of this inexplicable journey.

For you who can read this book and comprehend its deeper meaning and the great strength that it speaks for and advocates, I offer my encouragement. You are at the beginning of a great and mysterious journey, a journey into a larger universe and a deeper experience of the Divine in your own life. This book will be a gateway for you and for others who know that they are part of a greater life.

It is a blessing for me to share with you *Greater Community Spirituality* and to invite you to step beyond the limits of human awareness and understanding into a greater physical and spiritual universe called the Greater Community. As you are about to witness, our education about our life, meaning and spirituality is at a new beginning.

Marshall Vian Summers, 1998

INTRODUCTION

*I*N THE GREATER COMMUNITY OF WORLDS the idea of God is presented differently than it is in this world. In the Greater Community, the idea of God must be translatable from one society to another where the customs and the rituals, the ideas and the areas of specific application will be unique to each world's spiritual awareness and devotional practices. All that can be translated is the pure experience of Knowledge—the experience of Universal Mind, profound awareness and total relationship. This is the experience which will be presented in this book—an experience of translatable spirituality that is shared between intelligent life everywhere. Its application is universal. Its experience is universal. Its communication is universal. The direction that it establishes for sentient beings everywhere is universal.

Greater Community Spirituality encompasses a larger panorama of life and includes all that has been created here and beyond, in all dimensions, in all frameworks. So complete is it that you cannot fathom its Mystery, exhaust its Wisdom or penetrate its Knowledge. But you can be the recipient of these things, and you can translate them into your own experience and apply them here at great benefit to yourself and to others.

The world is now emerging into a Greater Community of Worlds. Therefore, it is necessary for Greater Community Spirituality to be presented here to enable humanity to prepare mentally, emotionally and spiritually for the great change that is coming and the great opportunities that this change represents. To learn about the Greater Community, you must learn of its reality. This, then, is a blessing: that you may receive a Greater Reality, a Greater Religion and a Greater God.
