

There Is a New Message from God in the World

Who is Marshall Vian Summers? *A brief story...*

Marshall Vian Summers was sent into the world to receive a New Message from God. He was prepared over a very long time to become its Messenger.

He was ignited spiritually at an early age, especially through his experiences in nature. As a young man, his journeys through the wilderness of North America continued his mysterious education. After graduating from the university, he became a teacher for blind children. During this time he began to experience and rely upon an Inner Voice to guide him in his work. Acknowledged for his talents in the field of special education, he was offered the opportunity to make this his life's work. Yet the Inner Voice compelled him to decline and to re-enter the wilderness for many months. Following this time of reckoning and relinquishment, he returned to the world of people and culture and began to teach the principles of Self Knowledge, which he did for seven years.

In 1982, at the age of 33, he had a direct encounter with the Unseen Ones, the Angelic Presence who had been guiding and preparing him all along. This encounter forever altered the course of his life and initiated him into a deeper relationship with them, requiring that he surrender his life to God.

Soon after this encounter, Marshall knew he had to leave his students and his teaching, his relationships and his home in the city to wander again. This was a difficult, inexplicable and solitary period for him. His wandering led him to retreat in the desert of the American Southwest where the Angelic Presence came

to him again. And so began the long mysterious process of receiving God's New Message for humanity.

During the years that followed, Marshall's role as a teacher had to evolve so that he, as the one destined to become the receiver of the New Message and its Messenger, would be ready. He had to have enough faith, patience and integrity to be able to receive a Message of this magnitude given over a very long period of time. He had to learn about the reality and spirituality of intelligent life in the Universe, which in the New Message is called the Greater Community. In addition, he had to be able to endure thousands of hours of direct contact with the Angelic Presence, receiving and recording the New Message from God. This put a great strain upon him, both mentally and physically. It is a process that few in the world today understand.

Even though Marshall Vian Summers was sent into the world destined to be the Messenger, he would not know this for many years. It would only be revealed to him in the later stages of receiving the New Message itself. For there is always the risk of the Messenger failing—by tampering with the Message, denying the Message or being unable to make the ongoing sacrifices required to receive and present the Message. Therefore, it was necessary that Marshall reach a level of individual maturity and wisdom in order to receive the greater mission and calling which were his to claim.

Though he has carried the weight and responsibility of this new Revelation for many years, Marshall Vian Summers has maintained his humility and humanity throughout his long and inexplicable journey of bringing a new message from God into the world. No messenger has ever been able to do this alone.

Thus, a mysterious sequence of events led people to him. The first to find and join him was his wife, who has supported him since 1983 and has made her own sacrifices to ensure that the New Message could be delivered. Over the years, a small group of individuals, one by one, followed a calling which ultimately led them to take up their position to support this great work. He also has been blessed with a son, who has now chosen to join him in his mission.

Now, after years of working quietly without worldly recognition, the time has come for him and those called to help him to bring the gift of the New Message to humanity at this time of great change and uncertainty.

Where can Marshall Vian Summers be heard?

Marshall Vian Summers has given the last 25 years of his life to receiving and quietly teaching the New Message from God.

For much of the year he works in seclusion in the Rocky Mountains of the United States. Several times a year, he comes forth to present a public teaching from the New Message at the [Greater Community Sanctuary](#) in Boulder, Colorado. People from around the world are invited to these teachings to experience for themselves the power and presence of the New Message.

On rare occasions Marshall travels to other places in the United States and abroad to provide the warning, the blessing and the preparation contained within the New Message.

How the New Message Came to be

The New Message represents the will of God for humanity, both now and for the times to come. God's will has been translated into language, into a preparation and into a complete teaching through the Angelic Presence who represent the Divine will and purpose for humanity in this world.

The New Message from God was delivered over a period of more than 25 years. It was received in a state of revelation by Marshall Vian Summers. Every word of the message was first spoken and recorded, then later transcribed. This has preserved the integrity and purity of the New Message in its original form. What would eventually become entire books were received in days or even hours. For example, the seven chapters of the introduction, *There Is a New Message from God in the World*, were received in a four-hour period, while the 27 chapters of *Greater Community Spirituality: A New Revelation* were received in just eleven days. This process of revelation continues.

This is how the New Message from God has come into the world, and its transmission is in keeping with all the great Messages that have ever been sent into the world for the advancement of humanity. God always communicates these great and timely Messages through the Angelic Presence, both to this world and to all worlds within the Universe. This is the nature of Divine transmission. This is how God communicates to individuals and to whole worlds and races.

The New Message from God is meant to serve humanity at this time and in the times to come. It is a very great Message. Its gift, its efficacy and its timeliness for the human family should never be underestimated.

Great Wisdom and Knowledge it carries, Knowledge and Wisdom beyond anything that has been given to humanity before. And it will take great courage, humility and patience to receive the full extent of what the New Message contains. Its power, its truth and the peace that it offers will surpass human understanding.

God's New Message holds the hope and the promise of guiding the human family into the future so that humanity may build greater freedom and justice in the world and take its place as a free and united race in the Greater Community.
